

MARKUS DU PLESSIS

STUDENT - BACHELOR OF COMPUTING

PROFILE

I am an enthusiastic and hard-working student at Belgium Campus ITiversity pursuing my Bachelor of Computing, I am eager to put my academic knowledge into real-world practice, as well as further develop my knowledge and skills. I am known for my strong work ethic, analytical thinking, dedication to my work, and drive for consistent improvement. My academic projects have allowed me to work with a multitude of different individuals from diverse backgrounds, enabling me to refine my teamwork and communication abilities. I am actively looking for an internship or entry-level position to further develop my professional skills

EDUCATION

- **High School Diploma** 2018 - 2022
Afrikaans Hoër Seunskool
- **Bachelor of Computing, Software Engineering** 2023 - 2026 (In Progress)
Belgium Campus ITiversity

PERSONAL INTERESTS

- I have passion for making music and have taught myself how to play two instruments. I love the outdoors and physical activities like rock climbing and mountain biking.
- I have keen intrests in technology, history and polotics.
- I have a love for reading and playing games when i want to relax or spend time with family and friends

WORK EXPERIENCE

- **Software Development Trainee**
2025 - Present

Worked in collaboration with a team and two industry professionals to develop a software solution that adheres to professional standards. This experience provided insight into industry best practices regarding software design, software development, and version control. It further enhanced my teamwork and communication skills, as well as strengthened my technical and problem-solving abilities, effectively bridging academic knowledge with real-world application.
